DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required

under 35 U.S.C. 121:

- I. Claims 1-18 and 55-72, drawn to a composition, classified in class 526, subclass 317.1.
- II. Claims 19-54, drawn to a process for provide physical stability to at least one non-solid composition, classified in class 525, subclass 50+.
- III. Claims 73-76, drawn to a kit, classified in class 428, subclass 100+.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and

materially different process (MPEP § 806.05(f)). In the instant case the product as claimed can be made by another and materially different process such as radical polymerization.

Art Unit: 1713

3. Inventions (I,II) and III are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions the inventions are unrelated because they are not disclosed as capable of use together and they have different mode of operation and different effects.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

6. A telephone call was made to attorney Michelle Bosch on 09/25/02 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 1713

7. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR

1.143).

8. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee

required under 37 CFR 1.17(i).
